

Easier by Design

Effective and affordable garden care products.

Flymo invented the hover mower more than 55 years ago, and since then has continued to be a market leading manufacturer of effective and affordable garden care products.

Our passion for innovation is what defines us.

With constant design and technological development at the heart of everything we do, you can be sure our team of experts are relentless in their quest to deliver outstanding products that you can trust.

Through materials and construction, the use of the latest engineering techniques, plus stringent quality control testing, you can rest assured all Flymo products are built to last.

Through the Husqvarna Group Sustainavate program, by 2025 we aim to:

Reduce CO²

emissions by 35% across our value chain

Resource Smart

Launch 50 resource-smart innovations

SimpliGlide 360

Electric Hover Lawnmower

Exceptionally easy to manoeuvre due to the unique hover design, the SG360 is ideal for mowing small to medium size lawns, and difficult areas such as slopes.

Built with a tough ABS base to ensure maximum durability and extended product life.

Features include; a fast and efficient safety-blade-brake, four adjustable cutting heights, an advanced switch-system for easy right or left handed use, and a convenient flat-folding design.

30cm Cable.
Extension Cord
not included.

10-30mm

HEIGHT

7.5
KG

WEIGHT

1800
Watts

POWER

36cm

BLADE

Environmentally Friendly

Powered by electricity, this mower produces no harmful emissions and is exceptionally quiet. Lawn-clippings and nutrients are returned to the lawn as mulch.

POWERFUL MOTOR

High performance motor capable of cutting through even thick dense grass

LONG LIFE METAL BLADE

Provides a neater cut and is longer lasting than plastic blades

STORE ON THE WALL

Flat folding handles allow the lawnmower to hang up on the wall for space saving storage

EASY TO MANOEUVRE

This lightweight lawnmower floats on a cushion of air making it highly manoeuvrable
